Lot 4, Block 20, Plat "A",
Frontage 49.5 feet \$52.07
STATE OF UTAH)
County of Cache,)
I, Carrie S. Thomas, City Treasurer of Logan City, Utah, do hereby certify that the above and foregoing list is a true and correct list of all property delinquent in the payment of any or all sewer assessments in Sewer District No. 3, and which became due and delinquent December 11, 1920, as shown by assessment rolls on file in my office.

CARRIE S. THOMAS,
City Treasurer.
Subscribed and sworn to before me this 28th day of December, 1920.
J. H. BANKHEAD,
Notary Public.
My commission expires June 6, 1922.
Adv-1-12

"THREE TWINS" TO BE PRESENTED AT NIB- LEY HALL

One of the biggest attractions in the way of musical comedy that will have come to Logan in many months will be the production of the famous "Three Twins" by the American Legion Opera company of Ogden at Nebley Hall on Saturday January 8. This show needs no introduction to the public. It is being staged by Bob Major who long since made himself famous for his dramatic work and he is supported by some of the

very best talent in Ogden.

The "Three Twins" has played to crowded houses in Ogden and comments on the show indicate that it is a most clever one. Last year the American Legion of Ogden presented "Piff, Paff, Pout," but this year's production surpasses that in the opinion of both press and dramatic critics.

The Altriant Society of Ogden, a musical organization given over to music, arts, dancing and the drama, with an exceptionally strong personnel of stars in each of these, is assisting the American Legion in the presentation of the "Three Twins." Professional dancing instructors have coached the dancers for the show and the singers are the best that could be secured. Bob Majors is the director with Marcellus Smith, head of the music department at the Ogden High School, as the musical director. A strong staff of assistants have worked with these in staging the production.

The lowest possible price will be charged for the performance here on the 8th of January, is the announcement of the Legion Post of the American Legion.

Sound Travels Fast.
The velocity of sound varies exceedingly with the medium through which it travels. In dry air at a temperature of 32 degrees Fahrenheit, it is about 1,087 feet a second; in glass, 15,000 feet a second; in steel, 16,400; in water, 4,708 (at 8 degrees centigrade).

Home vs. House.
Home cannot be given us. We may be given a house, a place to eat and sleep. This is not a home, says the Western Methodist. A home is a place of love and rest and peace. Love and rest and peace must be deserved, must be earned. Nobody can hand them to you as so many packages. They are matters of reciprocity. If you have none to give there will be but little for you to receive.

No Rivalry.
A visitor was being shown over a big cotton mill by the proprietor, who proudly displayed some of the fabric produced. Holding up a piece of printed calico he said, "Our latest pattern Excellent work, isn't it?" "It's all right," said the visitor, "but you can't hold a candle to the goods we turn out in my works!" "Same line?" asked the host, somewhat offended. "No," replied the other; "ours is gunpowder!"

Superstition Taken Seriously.
Ghosts and "black magic" are not laughed at in the interior of Africa. Under the mystic, awesome influence of the dank jungle anything seems possible. White men have learned to respect the superstitions and "juju" of the natives, and among the Englishmen who represent the colonial office in this far-off empire there has developed a rich lore of occult tales which are recounted to the traveler as never a flicker of skepticism.

Your Birthstone.
If you were born in January, custom insists that your birthstone is the garnet, and you may also wear the jacinth. Here are the birthstones of the other months: February, the amethyst; March, the bloodstone; April, the diamond; May, the emerald; June, the agate; July, the ruby; August, the sardonyx; September, the sapphire; October, the opal; November, the topaz; December, the turquoise.

10 Miles North on Highway

Situated between Smithfield and Richmond on the Highway is a diversified farm for sale, with most reasonable terms and attractive opportunities.

On the east side the road is a brick home and barn with cement base and every modern equipment with 27 acres of land running east to the foothill that Black Mountain soil is most ideal for hay, grain and silage corn.

Below the road is 25 acres smooth level and in first class condition for beets, it is first class beet land, and then 10 acres meadow, for hay or pasture.

It takes many years to build a place to this condition, there is everything ready to go to work and start living, even the machinery and horses will be left with you. It is about one half mile to the pea viney and railroad on the U. I. C. and eventually the highway will be paved.

It is a home where you will like to live, an opportunity that will enable you to make good. Let me tell you more about it, and better still, I will take you there.

LAND BROKER

Value of Imagination.
Imagination is the supreme gift of the gods and the degree of its possession is the measure of any man's advantage over circumstances—the measure of his clutch of success.—Kehler.

Lemon Juice.
Lemon juice will whiten the skin and remove stains from the hands. Lemon juice will allay the pain from insect bites. Lemon juice and salt will remove rust, ink and fruit stains from white goods.
